***Response to Arguments***

1. Applicant's arguments filed 6/14/06 have been considered but are moot in view of the new ground(s) of rejection.

***Claim Objections***

2. Claim 52 is objected to because of the following informalities: it appears that the term "about" in line 5 is vague. Examiner suggests applicant that this term should change to "comprising" or "including" to clarify the claim. Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 4-6, 8-10 and 52 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 52 is indefinite because there is no antecedent basis for the limitation "said display item on said control panel" in 10.

Claim 52 is indefinite because there is no antecedent basis for the limitation "said remote controller" in 16.

Claim 52, in part, recites the limitation "a switching signal transmission element for transmitting a switching signal for said display item on said control panel to said receiver, based on said timing signal" in lines 9-11. The meaning of "for said display item on said control panel to said receiver" is unclear. Appropriate correction is required.

***Allowable Subject Matter***

5. Claims 4-6, 8-10 and 52 would be allowable if rewritten or amended to overcome the objection and rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
